

NEW ORDINANCE TO BE ENFORCED

City Council Wants Everybody Taxed under Fehrs' License. Ordinance will be Strictly Enforced. Other Business.

The ordinance governing fairs' license and prescribing an annual fee for the privilege of carrying on this form of business on the borough grounds is to be rigidly enforced, according to the statement expressed by members of the town council at an adjourned meeting Tuesday evening. The small boy will have to pay his fee if he wishes to sell pot cake, as will the small girl who has a basket of more elaborate goods for sale. The granting of all licenses, including those for the sale of beer, whiskey, etc., were placed in the hands of the borough attorney. While who will have the matter in charge this summer, the town council has decided on a limitation of enforcing all the ordinances strictly.

Members of the council reported that there had been numerous inquiries as to whether the town charged for people having stands on their own premises. The borough attorney has re-

Owing to the great demand for food which is likely to prevail here at the time of the anniversary it is probable that the fee for the stand will be at that time far stands at which only good and coffee are sold.

The proposition made and accepted by you at a former meeting, is that the council would purchase the property for the oil required for coating the avenue from West Street to Hay Street, estimated to be 2500 gallons of oil, and the citizens to clean the street, fill the small holes and apply the oil without cost to the borough.

"As this is only temporary relief from the dust we believe it would be better to do something more permanent at very little more cost and there-

before July we ask your immediate acceptance."

The proposition was signed by Henry L. Snyder and Calvin Gilbert representing the citizens of Sprague Avenue. It was accepted and will mean an additional expenditure to the borough of \$48.00.

It was reported to council that the street had not been put in proper condition at the Runkle properties on Baltimore Hill, owned by Dr. H. L. Diehl, following the digging up of the road to install various pipes. The borough attorney was instructed to institute proceedings against Dr. Diehl for violation of the ordinance pertaining to the same.

**QUEEN MARY FORCES
SON TO QUIT CLUB**

Prince of Wales Participates In Evening of Drink and Song.

London, May 28.—The young Prince of Wales has just received a reminder that although, as an Oxford student, he rejoices in the appellation of a man, his mother at least looks upon him as a subject to maternal rule.

other of the clubs which confer a certain sort of distinction on favoured undergraduates. One of the most famous of these is the Bullingdon club, membership in which indicates exceptional popularity among the youth of the university.

Of course this plan was open to criticism, as any other would have been. However, he had a certain amount of difficulty in getting his parents' permission to join the Buffingtons, and eventually obtained it only on the understanding that he never join in what he considered a "bad" way.

Unfortunately the prince was persuaded to participate in one of these "blunders" a few weeks ago, and a report that he had succumbed to temptation was not long in reaching his royal parents. The

It is worthy of note that the telegram came from Queen Mary, not from the king.

Widow of the Dead Champion Boxer to Get Estate.
Chicago, May 28.—Luther McCort, the heavyweight boxer, killed in a fight with Arthur Pelkey at Calumet on Saturday, left an estate worth \$250,000.

"McCarty spent considerable travelling and living, and I don't think there is much more than \$20,000 left," said the lawyer. "This belongs to the fighter's widow."
